Volunteer
in Delhi
#VolunteerTTW

BRIEF

At The Tarzan Way,

"We believe that travel is not just about a vacation, but is an art of experiencing different realities."

With 29 states, 7 union territories, 497 cities, 7935 towns, 600,000+ villages, thousands of ethnicities and dialects, and millions of people, India is a land full of diversity and colors.

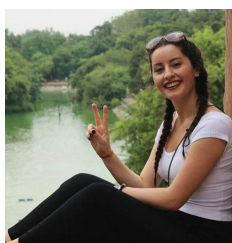
One visit for sure is not enough to cover the entire country.
But after extensive research all across India, we have carefully crafted various travel programs across India to provide an immersive & cultural feel of the diverse nation.

DELHI

Delhi is the capital, as well as the heart of India. From historic monuments to narrow lanes of the city, from luxurious shopping malls to the most crowded markets and from the world class restaurants to the mouth-watering street food, Delhi can be easily considered "**A Beautiful Chaos**".

SOCIAL TRAVEL: DELHI

Social Travel is a 2+ weeks experiential travel program in which the participants explore the city while participating in meaningful volunteer work for a cause they care about.
The participants are free to travel to the nearby locations during the weekends.
Through this travel experience, *we aim to provide a taste of the Indian culture, an insight to the local traditions and lots of adventure while adding value to the society.*



HIGHLIGHTS
OF THE JOURNEY

DELHI: A BEAUTIFUL CHAOS

- The journey starts at New Delhi Airport where you will be picked up by a coordinator, who will drop you to the accommodation and introduce you to the nearby markets, restaurants, metro system and so on.
- SIM Card and a Delhi Metro Card will be covered in the experience fees.
- The first day will be majorly an introduction to the workplace followed by an orientation picnic with your Experience Captain covering safety guidelines, budgeting tips, other tricks and much more.
- The volunteer work timings will be usually from 8:00 AM to 3:00 PM.

- After the work hours, TTW Team has planned various cultural excursions, which include **Hindi Language Classes, Indian Cooking Classes, Old Delhi Walk and a Delhi Heritage Tour** covering the major monuments and areas significant to the history of the city from the inception of the **Mughal Empire in Delhi.**
- During the weekends, you can explore other states, cities, towns and even villages. Since Delhi is the capital city and it's centrally located, you can visit almost all the other areas, from mountains in **Himachal Pradesh or Uttarakhand,** to the deserts in **Jaisalmer and Jodhpur.** If you want to see the famous **Taj Mahal**, you can visit **Agra** and if you're interested in **camel rides & heritage**, you can always explore **Jaipur**.
- Note that from Delhi, you can take direct flights to anywhere in India. So if you're interested in visiting **South India or North-East India**, you can always map out the same easily.
- Your Experience Captain, along with TTW Team will remain in touch with you 24/7 via chat, as well as call. If you want to explore some cities or increase your experience duration, feel free to consult us for the same.

OUR CUSTOMERS SAY..

Carolina

Portugal

"The only travel company in India I can trust! Will visit again for another one of their mind blowing experiences. Lots of love!"

Mohammed

Egypt

"My best friends in India!!! I spent 6 months with them, and before you go anywhere in an d around India, just call them once. :D"

Damla

Turkey

"Spent the best time volunteering in India with these guys! The Customer Support team is the very helpful. Wish you luck."

"I have traveled to India once before for visiting a close friend. Going through Tarzan Way is the closest I could hope to reach the same experience. From the moment I asked for information, The team was incredibly helpful. Tarzan Way was able to put together a custom itinerary to meet my exact needs, including time period, budget, and desired activities. I felt secure in every communication and transaction, and they came through with many personal touches. I highly recommend it to anyone looking for a meaningful trip to India!
Also, a solid 9/10 would be my rating, since there's always a room for improvement. :)"
